Following is a short poem composed by James W. Cole, one of the Mason county boys who left this morning:

Over the ocean and over the wave  
We are going to France our country to save,  
It may be me or it may be you  
That will shed our blood for the Red, White and Blue.

## NOTICE TO GAS CONSUMERS

Unless bad weather prevents Sunday morning at 8 o'clock the Columbia Gas & Electric Company, will start emptying their 20-inch main line in order to make necessary repairs to the large gate valves at Germantown pike and the country station of the Maysville branch line.

We are informed that it will take about four hours to make these repairs and turn gas back on the line. During this time the natural gas supply into Maysville will be cut off. While these repairs are being made and until they are sure that the gas has been turned on again and the pressure is normal, Maysville gas consumers are cautioned to be careful and keep all their gas burners turned off. DONT FORGET ANY PILOT LIGHTS.

There will be some one at gas office during Sunday who will answer any inquiries.

## DECLARATION OF WAR

Likely To Be Made Today By Argentina—Government Intends to Take Grave and Rapid Measures, High Officials Say.

Buenos Aires, September 21.—The Chamber of Deputies late today postponed discussion until tomorrow of the crisis with Germany caused by unfriendly action of Count Von Luxburg, the dismissed German minister. This postponement was taken after receipt of a statement for Foreign Minister Pueyrredon that the government has received new information which he will present to the congress tomorrow.

After a meeting of the ministry this afternoon, it was announced that the government was prepared to take grave and rapid measures in view of certain new developments.

A high government official declared that these measures probably would include an immediate declaration of war against Germany, to be followed by the despatch of troops to Europe.

News that Emperor William had expressed approval of the loyalty displayed by Count Von Luxburg, the dismissed German minister, was received here just before the opening of debate in the Chamber of Deputies today, on the resolution declaring for a rupture of relation between Argentina and Germany. This was looked on in some quarters as likely to hasten materially the decision in favor of a break.

Approval of the resolution was predicted in these quarters. Such action, it is considered, would virtually assure an actual rupture, as the Senate has already passed the resolution favoring the break and President Irigoyen has announced he is willing to follow the dictates of the people.

## MRS. DICKEY CRITICALLY ILL.

## KAISER AND EMPEROR

Express Hope Pope Can Arrange Peace—Kaiser Says He "Cherishes a Lively Desire" That The Vatican's Appeal May Meet With Success.

Amsterdam, September 21.—The replies of Kaiser William and Emperor Charles to the Pope's recent peace proposals were made public here today.

In answer to Pope Benedict, the German and Austro-Hungarian governments express the hope that the pontiff's efforts may bring about a cessation of hostilities. Emperor William "cherishes a lively desire" that the vatican appeal may meet with success.

Germany's reply is written by a member of the emperor's entourage while that of Austro-Hungary is a personal missive from Emperor Charles. Both notes to the pope were made public almost simultaneously and apparently both follow the same general trend.

Emperor Charles declares the Pope's proposals will lead to peace if the belligerent nations would enter into negotiations in the sense of the pontiff's suggestions, in which he sees a suitable basis for initiating exchanges toward a just and lasting peace. He expresses the hope that the opposing belligerents may be animated by the same idea.

The future arrangement of the world, the emperor says, must be based on the elimination of armed force, the freedom of the seas and on the rule of international justice and legality.

Emperor William has been following the efforts of Pope Benedict toward peace with "high respect and sincere gratitude." The German reply designates.

The Austrian emperor admits that the future arrangements of the world must be based on the elimination of armed force and on the rule of international justice and legality.

Austria-Hungary's ruler received the pontiff's note with a thankful heart and with an expression of hope that the pontiff's efforts may lead to the realization of the emperor's desire for a lasting and honorable peace for all parties.

Freedom of the seas is one of the peace hopes of Emperor Charles in order that heavy material burdens could be taken from the nations of the earth and new courses of prosperity opened to them.

Austria is prepared, the ruler states, to enter into negotiations for the submission of international disputes to compulsory arbitration.

## VON BERNSTORFF

Spent Money To Sway Member of Congress—Asked \$50,000 Appropriation To Influence Lawmakers.

Washington, September 21.—Secretary Lansing today made public, as an astounding addition to the series of disclosures covering German intrigues in American and elsewhere, a message sent by Count von Bernstorff in January of this year to the Berlin Foreign Office requesting authority to pay out \$50,000 to influence Congress through an unnamed organization, apparently known to the Berlin authorities.

Count von Bernstorff indicated in his message that money had been paid this organization on former occasions to perform the same work.

The text of the message, dated January 22 and made public without comment, follows:

"I request authority to pay out up to 50,000 (fifty thousand) dollars in order, as on former occasions, to influence Congress through the organization you know of, which can perhaps prevent war.

"I am beginning in the meantime to act accordingly.

"In the above circumstances a public official German declaration in favor of Ireland is highly desirable, in order to aim the support of Irish influence here."

## A GREAT MISTAKE

The reflecting American will be sorrow to learn that no names of States will remain attached to the National Guard now taken into the Federal service and that none will appear in the designations of regiments formed out of the selective draft. In this ruling may be seen the influence of regular army officers, but the civilians of the War Department ought to appreciate the value of State pride and rivalry in war. Our early confederation of independent States has long been welded into a nation and we are long past the era when State pride took precedence to national, but the very foundations of our governmental system still rest upon the separate existence of our numerous commonwealths, each within its own distinct boundaries, each known by its name, and each within certain limitations free to govern itself. And each of these separate States has a just right to the fame of the achievements of its sons in war.

The value of the stimulation of such rivalry and the right of local proprietorship are recognized even in England, a country far more consolidated than ours and with much less reasons for local designations in its military. Yet there are British regiments carrying the names of the mother counties of Sussex, Lancashire and the rest. We are all Americans first, but we are also New Yorkers, Georgians, Kansans, etc., and something is lost that is ours of right and that is ours of right and that is of distinct value when the sons of any State are submerged in mere numbers, going to war only as the fiftieth artillery or the two hundredth infantry. The picture is blurred and the inspiration is impaired. This new ruling is contrary to both American and British precedent, it is not a gain but a loss, and it ought to be reconsidered even at the eleventh hour.

## THE EGG ECONOMY

It is predicted that eggs will go to a dollar this winter. That is hardly possible, for it means that many people will be willing to pay it. We don't believe it. After eggs reach 50 cents a dozen, the demand will decline, and it will thus keep on until the price reaches 60 or 70 cents, when it will drop off altogether. But that is merely speculative, for if eggs are as good food as beefsteak, they will go as far as meat. A dozen eggs are worth a 70-cent beefsteak, and so in the end command the price. But to the old fellows who used to pay 10 cents a dozen, how changed the times will seem. The real solution of the egg problem is for every man who has a piece of land to keep hens and raise eggs. It is the part of a good citizen to do it. A man can serve his country better by keeping good laying hens than by going to Congress.

The American war cry, "Can the Kaiser," though perhaps taken literally in accusing Berlin, indicates only a keen desire to lift the author of the world's woes not too gently down from his high perch.

## SUGAR TO RETAIL AT EIGHT CENTS, PRODUCERS AGREE

Washington, September 20—Beet sugar producers in conference with the food administration today reached an unanimous agreement under which the stable retail price of sugar will be about eight cents a pound. They will sell to wholesalers at eastern refining points at 7 cents about a pound, cane basis, and the retail price, it was stated, would normally be not more than 1/2 cents higher.

At the same time, the food administration announced that an international committee of five had been named to arrange for the purchase and distribution of the vast quantities of sugar needed by the United States and allied countries. This committee, acting through the food administration under authority of President Wilson's proclamation placing the sugar industry in this country under license, will control a large proportion of the world's sugar output.

Inclusion of the big Cuban cane sugar producing interests in the allied distributing scheme will be discussed with the food administration tomorrow by the Cuban minister, Dr. Manuel DeCespedes, and two Cuban sugar growers. Cuba's participation in the plan is expected, particularly in view of the government's power to prevent importation by refusing licenses to producers not agreeing to the uniform price.

The new sugar price will become effective in the week ending October 1, when the 1917 crop reaches the refineries, and in the east about two weeks later. The present price of beet sugar to wholesalers is about 8.4 cents a pound.

### GOVERNMENT'S PRICE ON COAL CLOSING 25 MINES

Clarksburg, W. Va., September 20—Twenty-five coal mining plants in Harrison county alone have suspended operation during the last week or two as a direct result of the establishment of \$2 a ton for coal at the mine according to a statement issued here today by Daniel Howard, a prominent central West Virginia coal operator.

These mines were forced to suspend, Mr. Howard says because the price is too low for the operators to continue mining coal without a loss. Reports received by him from other counties of this section are to the effect that many other mining plants have been forced to suspend lately for the same reason.

### First Aid to Nature

Wide awake people in all walks of life know that that Drugless Art of Chiropractic has brought hope and happiness in many cases where the Art of Medicine has failed. This "Science of the Nerves," now 21 years old, is a sound, sensible system for restoring lost health without using the knife or drugs. Its main principle is that nature will commence to throw off sickness, just as soon as full and free nerve force stimulates the affected part. Spinal adjustments made by the Chiropractor tend to bring about this vital nerve activity throughout the body—heart, stomach, lungs, kidneys, liver, bowels, spine, brain, etc. Ask for booklet.

### FIRST GAME OF WORLD SERIES TO BE PLAYED IN CHICAGO OCTOBER 6

Cincinnati, Ohio, September 20—When the silver half dollar tossed by Frank Navin, of the Detroit club, fell tails up, after President Harry Hemphill, of the New York Nationals, had called "heads," the National Baseball Commission here today, officially announced that Charles Marmisley, owner of the Chicago Americans, had won the toss and had the privilege of saying where the first game of the next world's series should be played.

Shortly afterward it was announced the series will open on the grounds of the Chicago Americans, on October 6, while the second game will be played on Sunday, October 7. On October 8 the two ball clubs will be found traveling on their way to New York where the third and fourth games of the series will be played on October 9 and 10. October 11 will see the players traveling back westward, and the fifth game, if five games are necessary will be played in Chicago October 12. Then in case another game is found to be required a two day wait will take place, Saturday, October 13 and Sunday, October 14 being open and the sixth game being played at New York on October 15.

The commission selected Umpires O'Loughlin and Evans of the American League and Umpires Klem and Hilder of the National League to officiate.

That the soldiers who are now doing battle for the country, as well as those who are preparing to fight for

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and justice of the peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions hurried in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony, 60¢ all stores. ### SOVEREIGN LODGE

Takes Action on War Relief Fund—Bill Providing for \$2,000,000 Subscription Passed By Delegates.

Louisville, Ky., September 22—After prolonged discussion, the Sovereign Grand Lodge of the Independent Order of Odd Fellows shortly before noon today passed the bill providing for the raising of a \$2,000,000 fund for relief work among Odd Fellows who have enlisted in the Government service, and their dependent families. The work will be done by the various lodges of the various States. The fund will be raised by an assessment of Odd Fellows on a pro rata basis. The assessment, it is thought, will average \$1 for each member. The same work already is being done in the Grand Lodges of the Canadian Provinces, which are represented at the convention here.

The bill to place on a legal basis the Association of Rebekah Assemblies, after lengthy consideration, was postponed for definite action for a period of one year.

#### T. R.'S ADVICE

(New York Mail)

"Active Service Testaments," bearing a message from Col. Theodore Roosevelt, are being distributed to all New York troops by the New York Bible Society, of which George William Carter is general secretary. Already 100,000 have been printed and another order for a similar number is in prospect if sufficient contributions for the work are received by Mr. Carter.

Col. Roosevelt's letter which is printed on the flyleaf of each of the booklets, is as follows:

"The teachings of the New Testament are foreshadowed in Micah's verse, 'What more doth the Lord require of thee than to do justice, and to love mercy, and to walk humbly with thy God.'

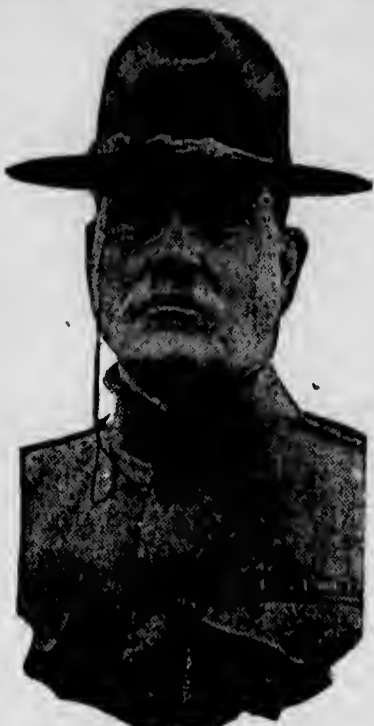

"Do justice; and therefore fight valiantly against the armies of Germany and Turkey, for these nations in the crisis stand for the reign of Moloch and Beelzebub on this earth. 'Love mercy; treat prisoners well; succor the wounded; treat every woman as if she were your sister; care for the little children, and be tender with the old and helpless. 'Walk humbly; you will do so if you study the life and teachings of the Savior. 'May the God of Justice and Mercy have you in His keeping. 'THEODORE ROOSEVELT.' All troops passing through New York will be given copies.

## MAJ. GENERAL BLISS

Is Named Successor to General Scott—General Scott Reaches Age of Retirement Today But Will Be Called Into Service—Young Man Is Needed to Bear Strains of Office.

Washington, September 21—Major General Tasker H. Bliss today was named chief of staff of the army to succeed Major General Hugh L. Scott, who retires from office tomorrow.

General Scott, who is 64 years old, has reached the age of retirement, but he immediately will be recalled to active service Secretary Baker said that for the present the General would be assigned to duty in connection with the training of troops in the

United States but would not specify the command.

General Bliss has been acting chief of staff since General Scott left for Russia several months ago as a member of the American mission. He also will reach the age of retirement on December 31 next, but before his appointment today there were intimations that he would remain as chief of staff for at least those three months.

When the American forces begin to reach France in large numbers, however, the strain on the chief of staff will become so great that a younger officer may be called upon to bear the burdens of the office.
